

**Cargo Prize 2009 - Best Cargo Handling Agent
(Revista Transportes e Negócios)**

27/11/2009

For the sixth year running, **portway** – handling de portugal, s.a. was awarded the **CARGO PRIZE - BEST CARGO HANDLING AGENT**, at a ceremony held in Porto on 26 November, sponsored by *Revista Transportes & Negócios* (T&N).

The brilliant performance of **portway**, which is proud to handle all the integrators in Portugal, deserves to be highlighted as all the nominations and voting procedures for this prize were left in the hands of the sector's professionals (associations, port administrations, airline companies, shipping agents, port operators, air cargo forwarding agents, express operators and handling agents, shipowners and shipping lines), more than 80 of whom attended the annual award ceremony.

portway's board of directors is particularly proud to have won this prize for the sixth year running, and would like to share it with all those who made such a decisive contribution to this success – the company's collaborators, employees, clients and users.
